

Finally,

the keyboard accounting personnel have been waiting for . .

Matias USB 2.0 Keyboard

Work smarter with an extra Tab key.

A Tab key on the number pad allows one-handed number entry into accounting forms and spreadsheets, leaving your other hand free to hold or flip through information being entered.

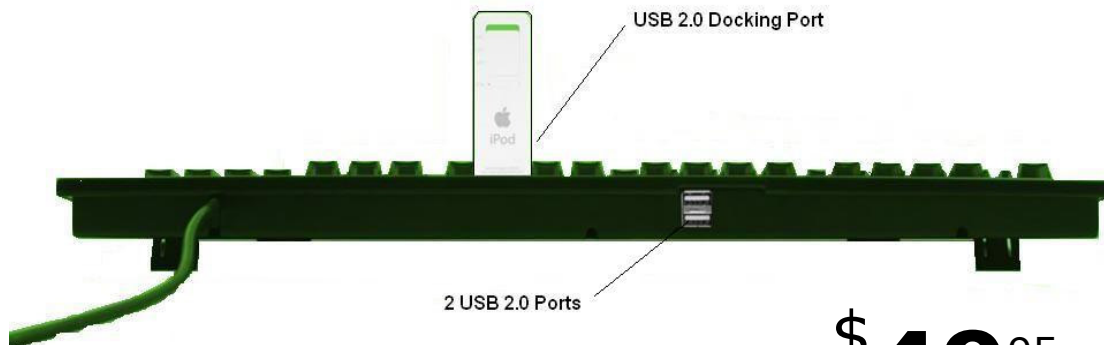

There are lots more features that make this a great keyboard too:

2-port USB hub.

The keyboard also has a conventional 2-port USB hub located on the back, for plugging in your mouse, joystick, and other USB devices and a USB dock on top for USB keys, etc..

Quiet Dome Switches.

High-quality rubber dome keyswitches provide a quiet tactile feel, yet offer enough resistance to hold the weight of your hands and reduce long-term fatigue.

Put this great keyboard on your desk for only

\$49⁹⁵ PLUS TAXES

(Three or more, \$47.95 each)

Keyboard and matching USB wheel mouse: only \$59.95
